

(i) Following State agency receipt of a written statement from a local government indicating that it either:

(A) Waives its right to comment; or
(B) Concurs with the management program decision; or

(C) Intends to take action which conflicts or interferes with the management program decision; or

(ii) Following a public statement by a local government to the same effect as paragraph (b)(5)(i) of this section; or

(iii) Following an action by a local government that conflicts or interferes with the management program decision.

(6) The management program shall include procedures to be followed by a management agency in considering a local government's comments. These procedures shall include, at a minimum, circumstances under which the agency will exercise its discretion to hold a public hearing. Where public hearings will be held, the program must set forth notice and other hearing procedures that will be followed. Following State agency consideration of local comments (when a discretionary public hearing is not held) or following public hearing, the management agency shall provide a written response to the affected local government, within a reasonable period of time and prior to implementation of the management program decision, on the results of the agency's consideration of public comments.

§ 923.58 Public hearings.

The management program must be developed and adopted after the holding of public hearings. A State must:

(a) Hold a minimum of two public hearings during the course of program development, at least one of which will be on the total scope of the coastal management program. Hearings on the total management program do not have to be held on the actual document submitted to the Assistant Administrator for section 306 approval. However, such hearing(s) must cover the substance and content of the proposed management program in such a manner that the general public, and particularly affected parties, have a reasonable opportunity to understand the impacts of the management program.

If the hearing(s) are not on the management document per se, all requests for such document must be honored and comments on the document received prior to submission of the document to the Assistant Administrator must be considered;

(b) Provide a minimum of 30 days public notice of hearing dates and locations;

(c) Make available for public review, at the time of public notice, all agency materials pertinent to the hearings; and

(d) Include a transcript or summary of the public hearing(s) with the State's program document or submit same within thirty (30) days following submittal of the program to the Assistant Administrator. At the same time this transcript or summary is submitted to the Assistant Administrator, it must be made available, upon request, to the public.

Subpart G—Review/Approval Procedures

SOURCE: 61 FR 33815, June 28, 1996, unless otherwise noted.

§ 923.60 Review/approval procedures.

(a) All state management program submissions must contain an environmental assessment at the time of submission of the management program to OCRM for threshold review. In accordance with regulations implementing the National Environmental Policy Act of 1969, as amended, OCRM will assist the State by outlining the types of information required. (See 40 CFR § 1506.5 (a) and (b).)

(b) Upon submission by a State of its draft management program, OCRM will determine if it adequately meets the requirements of the Act and this part. Assuming positive findings are made and major revisions to the State's draft management program are not required, OCRM will prepare draft and final environmental impact statements, in accordance with National Environmental Policy Act requirements. Because the review process involves preparation and dissemination of draft and final environmental impact statements and lengthy Federal agency review; states should anticipate that it will take at

§ 923.80

least 7 months between the time a state first submits a draft management program to OCRM for threshold review and the point at which the Assistant Administrator makes a final decision on whether to approve the management program. Certain factors will contribute to lengthening or shortening this time table; these factors are discussed in OCRM guidance on the review/approval process. The OCRM guidance also recommends a format for the program document submitted to the Assistant Administrator for review and approval.

Subpart H—Amendments to and Termination of Approved Management Programs

SOURCE: 61 FR 33815, June 28, 1996, unless otherwise noted.

§ 923.80 General.

(a) This subpart establishes the criteria and procedures by which amendments, modifications or other changes to approved management programs may be made. This subpart also establishes the conditions and procedures by which administrative funding may be terminated for programmatic reasons.

(b) Any coastal state may amend or modify a management program which it has submitted and which has been approved by the Assistant Administrator under this subsection, subject to the conditions provided for subsection 306(e) of the Act.

(c) As required by subsection 312(d) of the Act, the Assistant Administrator shall withdraw approval of the management program of any coastal state and shall withdraw financial assistance available to that state under this title as well as any unexpended portion of such assistance, if the Assistant Administrator determines that the coastal state has failed to take the actions referred to in subsection 312(c)(2)(A) of the Act.

(d) For purposes of this subpart, amendments are defined as substantial changes in one or more of the following coastal management program areas:

- (1) Uses subject to management;
- (2) Special management areas;
- (3) Boundaries;
- (4) Authorities and organization; and

15 CFR Ch. IX (1–1–14 Edition)

(5) Coordination, public involvement and the national interest.

(e) OCRM will provide guidance on program changes. The five program management areas identified in § 923.80(d) are also discussed in subpart B through F of this part.

§ 923.81 Requests for amendments.

(a) Requests for amendments shall be submitted to the Assistant Administrator by the Governor of a coastal state with an approved management program or by the head of the state agency (designated pursuant to subsection 306(d)(6) of the Act) if the Governor had delegated this responsibility and such delegation is part of the approved management program. Whenever possible, requests should be submitted prior to final State action to implement the amendment. At least one public hearing must be held on the proposed amendment, pursuant to subsection 306(d)(4) of the Act. Pursuant to section 311 of the Act, notice of such public hearing(s) must be announced at least 30 days prior to the hearing date. At the time of the announcement, relevant agency materials pertinent to the hearing must be made available to the public.

(b) Amendment requests must contain the following:

(1) A description of the proposed change, including specific pages and text of the management program that will be changed if the amendment is approved by the Assistant Administrator. This description shall also identify any enforceable policies to be added to the management program;

(2) An explanation of why the change is necessary and appropriate, including a discussion of the following factors, as relevant; changes in coastal zone needs, problems, issues, or priorities. This discussion also shall identify which findings, if any made by the Assistant Administrator in approving the management program may need to be modified if the amendment is approved;

(3) A copy of public notice(s) announcing the public hearing(s) on the proposed amendments;

(4) A summary of the hearing(s) comments;
